Package 'PROBShiny'

October 12, 2022

Type Package

Title Interactive Document for Working with Basic Probability

Version 0.1.0

Author Kartikeya Bolar

Maintainer Kartikeya Bolar <kartikeya.bolar@tapmi.edu.in>

Description An interactive document on the topic of basic probability using 'rmark-down' and 'shiny' packages. Runtime examples are provided in the package func-tion as well as at <https://analyticmodels.shinyapps.io/BayesShiny/>.

License GPL-2

Encoding UTF-8

LazyData TRUE

Depends R (>= 3.0.3)

Imports shiny,rmarkdown,LaplacesDemon,shinyMatrix,rpivotTable,epitools

R topics documented:

PROBShiny   *Launch 'PROBShiny' Interface*

Description

PROBShiny() loads interactive user interface built using R 'shiny'.

Usage

```
PROBShiny()
```

Details

Start PROBShiny

The interactive user interface is to provide an easy way for solving basic probability problems based on relative frequency and subjective approach.

Value

Nothing

Examples

```
if(interactive()){
library(rmarkdown)
PROBShiny()
}
```
