Package 'RcppArray'

November 8, 2023

Version 0.3.0

Date 2023-11-06

Title 'Rcpp' Meets 'C++' Arrays

Imports Rcpp

LinkingTo Rcpp

Suggests tinytest

Description Interoperability between 'Rcpp' and the 'C++11' array and tuple
types. Linking to this package allows fixed-length 'std::array' objects to
be converted to and from equivalent R vectors, and 'std::tuple' objects
converted to lists, via the as() and wrap() functions. There is also
experimental support for 'std::span' from 'C++20'.
