Package 'jmvconnect'

July 6, 2024

Type Package

Title Connect to the 'jamovi' Statistical Spreadsheet

Version 2.5.7

Date 2024-07-06

Maintainer Jonathon Love <jon@thon.cc>

Description Methods to access data sets from the 'jamovi' statistical
spreadsheet (see <https://www.jamovi.org> for more information) from R.

License GPL (>= 2)

Imports jmvcore (>= 2.3.12), evaluate, rappdirs, httr, Rcpp (>=
0.12.16)

LinkingTo Rcpp, BH

RoxygenNote 6.1.1

SystemRequirements jamovi (>= 1.2.8)

NeedsCompilation yes

read   *Reads a data set from jamovi*

Description

Reads a data set from jamovi

Usage

```
read(id, columns)
```

Arguments

id   the number, or the title of the data set to read

columns   (optional) only reads the columns named

Value

the data set as a data frame

Examples

```
## Not run:
jmvconnect::what()

#  Available Data Sets
#  -----------------------------------
#          Title          Rows    Cols
#  -----------------------------------
#    1    iris             150       5
#    2    Tooth Growth      60       3
#  -----------------------------------

data <- jmvconnect::read('Tooth Growth')

# or

data <- jmvconnect::read(2)

## End(Not run)
```

---

what	*Lists the data sets available from jamovi*

Description

Lists the data sets available from jamovi. Data sets can then be read using the read() function.

Usage

```
what()
```

Examples

```
## Not run:
jmvconnect::what()

#  Available Data Sets
#  -----------------------------------
#         Title          Rows    Cols
#  -----------------------------------
#    1    iris            150       5
#    2    Tooth Growth     60       3
#  -----------------------------------

data <- jmvconnect::read('Tooth Growth')

# or

data <- jmvconnect::read(2)

## End(Not run)
```
